Non-Responsive or Death Policy

Policy Statement

Wideview Outside School Hours Care Service understands that a serious incident, unresponsive child or death of a child can have a profound effect on those around the child. It is an unfortunate event that occurs rarely in education and care services; however, services need to be prepared so that they respond in a way that upholds the dignity of the child, and the wellbeing of those affected. WOOSHC Educators will respond in a calm, professional manner which prioritises the needs and dignity of the child and the family; minimise possible distress to other children, staff and bystanders; ensure all relevant people and authorities are advised in a timely manner and in accordance with the law; and ensure all required documentation is completed and stored confidentially.
