- 2.6 they observe, implement, and fulfil the responsibilities under the current Work Health and Safety Act and Regulations.
- 2.7 They follow the correct manual handling procedures.
- 2.8 They take practical steps for their own health and safety and of others affected by their actions at work.
- 2.9 That work areas are safe, and there is not any danger to themselves and others.
- 2.10 Management is notified of any incidents and accidents in the workplace as soon as practicable.
- 2.11 All safety checklists are implemented as required on a regular basis.
- 2.12 Children's equipment is regularly checked.
- 2.13 All dangerous chemicals are stored appropriately.
- 2.14 All children are kept out of kitchen areas, unless always supervised.
- 2.15 All accessible power points have safety plugs.
- 2.16 Spills are cleaned up immediately (to prevent slipping), following the correct procedure.
- 2.17 Work health and safety issues are discussed, and action is planned to address these.
- 2.18 Work, health, and safety audits are conducted to ensure the Service is maintaining a safe environment for children, families, staff, and visitors.
- 2.19 Appropriate resources and processes are in place to identify hazards, eliminate or minimise risks and achieve work health and safety compliance.
- 2.20 Work, health, and safety issues which are unable to be easily resolved are referred to management/approved provider for appropriate services to be contacted and issues resolved.
- 2.21 Reasonable care is taken for their own health and safety.

### **3. Duty of care –**

A duty of care is the legal obligation to provide reasonable care while performing any acts or making any omissions that could foreseeably harm others.

The duty encompasses a wide range of matters, including (but not limited to):

- 3.1 Provision of adequate supervision,
- 3.2 Ensuring grounds, premises and equipment are safe for children's use,
- 3.3 Implementing strategies to prevent bullying.
- 3.4 Providing medical assistance (if competent to do so) or seeking assistance from a medically trained person to aid a child who is injured or becomes ill at the Service.

### **4. Manual handling -**

Educators are at risk of work-related ergonomic injuries, particularly back injuries, through bending, reaching and not using adult sized furniture.

To minimise the risks this, Educators are to:

- 4.1 Use small chairs with good back support instead of squatting or bending for interaction with children.
- 4.2 Have shelving, filing cabinets and storage cupboards at a suitable height to avoid stretching to reach them.
- 4.3 Where possible kneel rather than bend.
- 4.4 Be careful when lifting and follow manual handling recommendations.

- 4.5 Minimise the need to reach above shoulder level and use a step ladder.
- 4.6 Ask for help and organise a team lift when sliding, pulling, or pushing equipment.
- 4.7 Where possible arrange children's activities to minimise manual handling.

## 5. Hazardous materials -

We adopt a risk management strategy that enables practices that minimise the risk of harm, injury, or illness caused by any hazardous material. As far as is reasonably practical, our Service will:

- 5.1 Provide the least hazardous chemical, product, or equipment for the task without jeopardising hygiene.
- 5.2 Ensure all staff, contractors, visitors, and students have access to Safety Data Sheets and training on the safe use and storage of all hazardous substances.

## 6. Risky play

- 6.1 Educators will provide an environment that encourages children to effectively learn in play which involves allowing them to take safe risks. No play space is risk free.
- 6.2 It is important for children's development to become adventurous and participate in opportunities to explore and test their own capabilities, manage risk, and to grow as capable, resourceful, and resilient people.
- 6.3 As educators we will talk to the children when they are playing. When we find children exploring risky play, Educators will supervise provide advice and assist when appropriate.

## 7. Responsibility of Parents

- 7.1 Take reasonable care for their own health and safety.
- 7.2 Report health and safety issues and participate in consultation in work, health and safety issues affecting them.
- 7.3 Follow Service policies and procedures in relation to work health and safety.

## Policy review information -

The Service encourages staff and parents to be actively involved in the annual review of each of its Policies and Procedures. In addition, the Service will accommodate any new legislative changes as they occur, and any issues identified as part the Service's commitment to quality improvement. The Service consults with relevant recognised authorities as part of the annual review to ensure the policy contents are consistent with current research and contemporary views on best practice.
